

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

ESTE INFORME CONTIENE INFORMACION MUY IMPORTANTE SOBRE SU AGUA DE BEBER.
TRADUZCALO O HABLE CON ALGUIEN QUE LO ENTIENDA BIEN.

Monitoring Requirements Not Met for Troy Borough Water Department

Our water system violated drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the monitoring period of June 2021 we did not monitor each week for free chlorine residual in the distribution system and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for free chlorine and how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

Contaminant	Required Sampling Frequency	Number of Samples Taken	When Missed Samples Should Have Been Taken	When Samples Were or Will be Taken
Distribution Free Chlorine	Weekly	3 of 4	06/01/21 – 06/30/21	N/A

What happened? What was done?

Required sampling was erroneously overlooked. Current samples are being scheduled and public notification will be provided to customers. We are working with D.E.P. to address the situation.

For more information, please contact Dan Close @ 570-297-2966

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Troy Borough Water Department

PWS ID#: 2080020.

Date distributed: 12-23-21

After posting return this form to: Robert Blaney, DEP, 600 Gateway Drive, Mansfield, PA 16933
